

Basic Qualitative Research in Healthcare

Course Synopsis

The Palliative Care Centre for Excellence in Research and Education (PalC) is offering a course in basic qualitative research designed for healthcare professionals who are interested to embark on qualitative research. The programme involves i) 2-weeks of self-directed online study, where participants will be given access to online materials to study at their own pace, and ii) a 0.5-day virtual classroom session. Participants will have the opportunity to learn the basic elements needed to get started on a qualitative research study.

Course Details

Self-directed online study:

Starts **14 October 2025**

Virtual classroom session (via Zoom):

28 Oct 2025, 9.15am to 1.15pm

Course Fee:

\$267.05 per person (Including 9% GST)

** Eligible Community Care Organisations (CCOs) may tap into the Community Care Training Grant (CCTG) to subsidize course fees.*

Trainer's Profile

Dr Khoo Hwee Sing (PhD)

Principal Research Analyst, Group Clinical Education, NHG

Dr Khoo adopts a multi-disciplinary approach in her work, and believes it is essential to bridge research and practice for better sharing, integration, and application of knowledge. This motivates her to view research through different theoretical lenses, and incorporate phenomena into research for educational and practical applications.
